

A Woman's Best Friend.

It's a demanding world we live in, especially if you're a woman. Multi-skilling is a must and it can be difficult to manage your priorities when there is just so much to be done.

Every woman needs a best friend that can take the journey with her throughout the varied phases of her life.

Queensland mum Fiona Cuthbert O'Meara from One Stop Drop knows just how challenging that journey can be, and she has come up with a revolutionary DIY All Purpose remedy for all women, no matter where their priorities lie, or what their busy life demands of them.

Whether it be the challenges of the single life such as headaches, stress, muscle aches, menstrual cramps, acne or pimples, or the trails of demanding motherhood where looking after your own needs often comes second to those of your children. For the kids come bites, stings, and burns including sunburn, sores, sleeplessness, anxiety, coughs and colds, even the dreaded head lice. One Stop Drop can be kept close by and using it is as simple as adding a few of these wonder drops into a lotion, vegetable oil, into a bath or onto a tissue.

And mum because you're an expert, One Stop Drop even has a Quick Reference User Guide on the back of each pack so using it is simple, effective and inspiring.

Because One Stop Drop is made from a very special and finely tuned blend of Australia's most loved pure essential oils, it's even good for grandparents. One Stop Drop will help you with any difficulties you may be experiencing such as: muscular aches, rheumatism, skin rashes, anxiety, sleeplessness and more. It's a concentrate so a little bit goes a long way and keeping One Stop Drop in your home means you can be ready for the grandchildren should any minor mishaps occur.

You can keep One Stop Drop at home, in the car, at the office or in the first aid kit.

Why? Because you'll always be a woman, and every woman needs her mum, so make One Stop Drop your new best friend. You'll love it and definitely be loved for it!
