

## Keeping baby healthy and safe.

**One Stop Drop** is a natural alternative for both Mums and Baby's (and Dad's too!) for many minor ailments including:

- **Coughs & Colds**
- **Blocked Noses**
- **Rashes, Eczema & Psoriasis**
- **Sleeplessness/ Insomnia**
- **Burns & Wounds**
- **Head Lice & Dandruff**
- **Aching muscles**
- **Stress & Tension**
- **Menstrual Cramps**
- **Sinus**
- **Headaches and More...**

**One Stop Drop is an Essential Oil Blend Concentrate that is applied externally.**

Using One Stop Drop is as easy as adding a few drops to everyday things around your home such as: vegetable oil, to a bath, on a tissue or into your shampoo.

Because your baby's skin is supple, sensitive, and divine, One Stop Drop provides you with instructions for use in children. Because your baby's body is still growing it is best to avoid applying any strong solutions to their skin. One Stop Drop provides you with ways to use One Stop Drop without even applying it to your baby's skin such as: a drop on your baby's Pyjama top, to burn in an oil burner, a drop in the bath or a drop on a cotton bud to leave on the window sill, safely out of reach.

When your baby reaches 2 years of age, our Quick Reference User Guide on the back of the pack provides you with simple instructions on using lower doses made especially to suit your baby's skin. The great thing about One Stop Drop is that it is a great remedy for the whole family. Kids love it and you can continue to use it throughout their whole lives!

Each **12 ml bottle** of One Stop Drop comes with our **Quick Reference User Guide** to make sure that you get the most from your One Stop Drop experience.

One Stop Drop is highly versatile, easy to use, smells great and **one bottle contains 40 general treatments**. That's great value!
